[redacted] this building as the so-called Atomic Institute.  
[redacted] this was an Atomic  
Institute.

3. BUILDING AND AREA DESCRIPTION: - See Annex B.

This was a light colored brick building on the east side of a  
depression. The building itself was 60 m. sq., with few windows,  
a green cupola and an overall height of from 25 to 35 m. [redacted]  
[redacted] these dimensions were very approximate since there  
was nothing of known dimension in the immediate vicinity to compare.
